

**Brush pickup for Fall 2015**

This fall the Highway Department will pick up brush on **October 26<sup>th</sup> through October 30<sup>th</sup>**. Please remember to place cut ends to the road to help the highway crew in their operation. If any resident would like a load of wood chips leave me a message and I'll put you on a list. And as always we will be around after storms to pickup downed limbs that are placed curb side. **There will only be one pass by; and, if you do not have your brush out on Sunday night you may miss the pick-up.**

Mike Emerich, Highway Superintendent 399-3425
